In addition, campsites are available on the Conference site, for both RV (with utility hookups) and tents (with shower and restroom facilities) for reservation per night. Please mention camping interest, if any, in a note with your registration and you will be magically referred to personnel appropriate to that discussion. Not us, though...we like our outdoors just fine when equipped with walls and ceilings.

Finally, for the truly discerning among you, desirous of the true full-Gomez experience, we will provide the number to the sleaziest local skank-pit of a dive-motel-from-hell upon request...just don't say you weren't warned.

### **Amenities**

The Conference will be conducted at an outdoor facility in August. Please prepare accordingly. Plenty of water will be provided for hydration safety, lunch will be available for purchase onsite both days, and attendees are welcome to bring any food and drink they desire. The facility features electric power, potable water, and restrooms, though it is best described as "Spartan chic", if not Spartan chick...

### **Auction, Bonfire, and Celebration of Paul's Life**

On Saturday evening following the last class block, an auction of various highly desirable goodies for the discerning tacticophile will be conducted; proceeds to enrich the Children's Trust. Bring yo' wallet, friends 'n' neighbors because the gettin' has been good!

Following the auction swine volunteers will be roasted by the Range Gnome crew, many adult beverages will be slaughtered before a raging bonfire and ribald tales of Paul told....some of them true!

BYOB and LYDG, of course.

### **Incidentals**

—If you would like to donate an auction item, please contact us by email to discuss. Preference given to items likely to fetch the highest bids preferred, of course, but all generous thoughts are appreciated.

—Check for yourself, of course, but it is believed that Ohio honors concealed carry permits from WA, ID, WY, UT, AZ, NM, AK, ND, NE, KS, OK, MO, AR, LA, MI, KY, TN, WV, VA, NC, SC, FL, AND DE.

—Recruiting is underway for 2 cohorts of minions:

- a. **Team Medics**, trained and qualified EMT-types to serve under the direction of Dr. House in managing the health and safety needs of attendees, and
2. **Range Gnoms** willing to perform any other damn sort of stuff that needs doin', under the direction of Boss Gnome Paul Carlson, of Safety Solutions Academy (we had to give him the job, he already had the weird beard-thing working...what were we s'posed to do?)

Likely rewards for both positions include sweat, toil, scant regard, and perhaps a t-shirt. Please indicate interest in the form of an email, listing qualifications and defects of character.
